Lutherwood

Caring people. Strengthening lives.

Lutherwood is a not-for-profit health and social services organization that strengthens the lives of people in our community by providing mental health, employment, housing and family support services for more than 22,500 people annually in the Waterloo Region and Wellington County.

Lutherwood supports youth at risk through many programs, including the respite bed program at Betty Thompson Youth Centre. These beds provide a child with a safe place to stay for a few days, giving families who are struggling with severe conflict and mental health challenges, a break from the constant stress and struggle. Dedicated to the mental health & well-being of children & families, Lutherwood provides a range of services to assist children and their families coping with mental health challenges. We provide residential treatment and assessment services, family crisis and prevention counseling, community and school-based interventions and operate a youth shelter.
